Kagoshima Organic Farmer's Association

Organic lifestyle to you

### Making the products that are not deceive by the processing

Chikyubatake is a shop & restaurant & food processing department we have started in 1992. Chikyū means the Earth, batake means field / farm. Our mission is to create face-to face reciprocal relationship between producers and consumers thorough which we can pursue more just, diverse, sustainable society in harmony with all the other creatures on earth. Made from fresh organic products grown by our farmers, our processed food doesn't contain any chemical additives, artificial coloring or flavors, preservatives and absolutely are GMO-free.

Think Globally  
Act Locally

We want to be connected the enriched soil and enriched environment where is the diversity of living things can live in the future.

According to the standard, we are marking the Chikyubatake Original Mark on our products.

We are producing at our own organic certified factory.
